Celebrating Achievements...**

Chairman's Desk

We aim to uplift the rural students in academic excellence particularly in the field of Science and Technology. Pharmaceutical Sciences are the backbone of healthcare system across the globe. We wish to contribute to this noble system through high-quality education as well as research. We are also very concerned about our role in social contribution. In this regard, I am happy that the group is doing well in various social activities. Our motto is to promote professionalism, team spirit, social and ethical commitment to boost leadership roles assisting improvement in health care.

Six Engineers from Sanjivani Engineering College Selected by Burns & McDonnell with an Annual Package of ₹5.25 Lakhs: Rural Students Earning Lucrative Packages

Sanjivani Group of Institutes' Managing Trustee, Mr. Amit Kolhe, felicitated the engineers selected by Burns & McDonnell India. The photograph was taken after the felicitation ceremony. Dr. Thakur and department heads were also present on the occasion.

Kopergaon: Through the joint efforts of the Mechanical Engineering Department and the Training and Placement (T&P) Cell of Sanjivani Engineering College, six engineers have been selected by Burns & McDonnell India during a campus placement drive for job roles offering an annual package of ₹5.25 lakhs.

This continuous selection of Sanjivani's engineers by reputed companies is a testament to how students from rural backgrounds are securing high-paying jobs at the young age of 22, thereby contributing to the rural economy through opportunities created by Sanjivani, according to a press release issued by the college.

The press note further mentioned that Burns & McDonnell India, a company providing services in engineering, environment, procurement, and project management, has selected the following students: Mansi Anil Devkar, Vaishnavi Pramod Kankrale, Akshay Sudhakar Kapse, Keshav Ravindra More, Chaitanya Suhas Rachha, Ram Changdev Shewale

Sanjivani Engineering College has been granted autonomous academic status since the academic year 2019-20. This autonomy has allowed the incorporation of industry-relevant and modern technology into the curriculum, resulting in increased employment opportunities for students.

Shri Nitin Dada Kolhe, Chairman of Sanjivani, congratulated all the selected engineers and their parents, while Managing Trustee Shri Amit Kolhe felicitated the students. The Vice-Chancellor of Sanjivani University, Dr. A.G. Thakur, along with department heads, were present on the occasion.

I am the daughter of a farmer from Takli, a small village in Kopergaon Taluka. I studied very hard in 12th grade with the dream of getting admitted to this college — and I succeeded. From the second year onwards, the Training and Placement (T&P) department helped us groom our personalities through expert lectures, interview techniques, communication skills, and much more. Through the college's efforts, I also had the incredible opportunity to intern for six months at National Chung Cheng University in Taiwan — fully funded by the university itself. From Takli to Taiwan, this journey was made possible because of Sanjivani. All of this helped me secure a job with an annual package of ₹5.25 lakhs. I'm proud to be the first girl in my family to get a job, and Sanjivani has turned my dream — and my parents' dream — into reality." — Engineer Mansi Devkar

Instilling Moral Values in Today's Generation is Crucial – Mrs. Varsha Pitti Annual Gathering of Sanjivani Academy's Secondary Section Celebrated

Child artists performing during the Annual Gathering of Sanjivani Academy's Secondary Section.

Kopergaon: "Parents should act as friends to their children and instill moral values during their growing years to help them become ideal citizens," said Mrs. Varsha Pitti, a naturopathy and Ayurveda expert from Jalna. She was speaking as the chief guest at the annual gathering of Sanjivani Academy's Secondary Section.

Present on the occasion were Mr. Amit Kolhe (Managing Trustee), Dr. Mandali Kolhe (School Director), Dr. R.S. Shendge, Mr. Prakash Jadhav, Mrs. Rekha Patil (Executive Principal), and Mrs. Shaila Zunjarrao (Principal). Parents attended in large numbers.

The cultural performances were themed "Geeta Amrutam: Jeevan ki Sanjivani", with students presenting shloka-based songs, dances, and plays. Mrs. Pitti praised the school for nurturing spiritual values like Bhakti Yoga, Dhyana Yoga, and Nishkama Karma and encouraged parents to explain the meanings of shlokas at home.

Mr. Amit Kolhe said that under the guidance of Shri Nitin Dada Kolhe, the school continues to fulfill the vision of its founder, late Shri Shankarrao Kolhe. Students benefit from the experience and skills of Sanjivani University staff.

Musical instruments were played by students, and anchoring was done fluently in Marathi, Hindi, and English. Professional stage setup and enthusiastic performances made the event memorable.

Sanjivani Academy Receives Prestigious NABET Accreditation

Seal of Quality and Excellence from the Quality Council of India

Managing Trustee Shri Amit Kolhe and Director Dr. Manali Kolhe congratulating Executive Principal Mrs. Rekha Patil, Principal Mrs. Shaila Zunjarrao, NABET Coordinator Mrs. Dipali Borde, staff, and Student Council members following Sanjivani Academy's NABET accreditation.

Kopergaon: Sanjivani Academy, operated by the Sanjivani Group of Institutes, has been awarded the NABET (National Accreditation Board for Education and Training) accreditation under the Quality Council of India. This prestigious recognition affirms the school's commitment to high standards and educational excellence.

Out of approximately 1.5 million schools across India, only around 7,000 schools (0.5%) have received NABET accreditation. This milestone highlights Sanjivani Academy's remarkable standing in the national education landscape.

According to the school's press release, Sanjivani Academy confidently underwent the stringent NABET evaluation process.

The committee assessed several parameters including:

- Well-equipped digital classrooms and laboratories
- Sufficient learning spaces and sports facilities
- Students' achievements at state and national levels
- Consistent 100% results in Class 10 Merit list rankings and academic scores
- Holistic development programs
- Strong safety mechanisms
- Faculty qualifications and experience

With the NABET accreditation, Sanjivani Academy is now recognized as one of the leading schools in Maharashtra.

Chairman Shri Nitin Dada Kolhe, Managing Trustee Shri Amit Kolhe, and Director Dr. Manali Kolhe congratulated Executive Principal Mrs. Rekha Patil, Principal Mrs. Shaila Zunjarrao, NABET Coordinator Mrs. Dipali Borde, the entire teaching and non-teaching staff, and all students for this outstanding achievement.

20 Sanjivani Engineering Students Placed at Force Motors

Offer Letters Received Even Before Final Exams

Sanjivani Group's Managing Trustee Shri Amit Kolhe felicitating the selected engineers placed at Force Motors. Dr. M.V. Nagarhalli and department heads were also present.

Kopergaon: In a remarkable achievement, 20 final-year students from Sanjivani College of Engineering have secured job offers from Force Motors, even before their final semester examinations. This successful campus recruitment drive was organized by the college's Training and Placement Cell.

Force Motors, a leading multinational automobile company, selected the following students: Vaishnavi Kadam, Kalpesh Bhalere, Sagar Bhojne, Abhishek Gadekar, Gautam Gawade, Rohit Jadhav, Snehal Vabale, Amit Nagare, Rushikesh Gudde, Ayyan Inamdar, Geetanjali Pathak, Rutuja Sangle, Mohammad Shaikh, Pratik Sonawane, Suyog Sonawane, Vaibhav Mate, Pratik Salve, Rupali Thote, Prasad Pawar, and Rushikesh Urade. This success is attributed to:

- Industry-aligned curriculum
- Early focus on personality development (from second year)
- Expert lectures from industry professionals
- Study visits to renowned companies
- Rigorous practice of technical presentations and mock interviews
- Strong collaboration between faculty and parents
- Strict attendance policies ensuring academic discipline

Last year, 18 students were placed at Force Motors, and their exceptional performance led the company to return with increased trust and offers this year.

Chairman Shri Nitin Dada Kolhe congratulated all the selected students and their parents. Managing Trustee Shri Amit Kolhe felicitated the successful candidates in a special ceremony. Dr. M.V. Nagarhalli (Director) and department heads were present on the occasion.

International Conference at Sanjivani University Highlights the Role of Bioeconomy in Rural Development

Deputy Commissioner Ujwala Bavke-Kolhe Calls Bioeconomy Crucial for India's Future

Dignitaries releasing the research paper souvenir during the conference inauguration at Sanjivani University.

Kopargaon: The 3rd International Conference organized by Sanjivani University and Senior College, in collaboration with the Microbiologists Society, India, focused on "Innovations in Biotechnology Research for Sustainable Bioresources and Bioeconomy."

"Ujwala Bavke-Kolhe, Deputy Commissioner, emphasized that bioeconomy will be crucial for India's rural development and projected the sector to reach USD 300 billion by 2030. She also praised the government's Bio-E3 policy (Employment, Environment, Economy).

Key Speakers included:

- Shri Amit Kolhe (President, Sanjivani University)
- Dr. A.M. Deshmukh (President, Microbiologists Society)
- Dr. Brajesh Pandey (Executive Director, INSA, New Delhi)
- Dr. Ashwin Gajara (VP, Reliance Life Sciences, Mumbai)

The conference saw participation from 747 delegates, including researchers, faculty, and students, and highlighted the emerging role of AI in biotechnology.

Sanjivani Polytechnic Wins Two Prizes at State-Level Dipex Competition : Double Victory for Sanjivani in Prestigious Competition

Managing Trustee of Sanjivani Group of Institutes, Mr. Amit Kolhe, congratulated the winning students of the DIPEX competition. The photo was taken after the felicitation, with Principal Mirikar, Head of Department Dr. Jorvekar, Prof. Syed, and the guides present.

Kopargaon: 'Srijan,' an autonomous trust, organizes the 'DIPEX' technical project competition for diploma, degree, and postgraduate engineering students across Maharashtra and Goa. At this competition held in Pune, Sanjivani K.B.P. Polytechnic won awards in two separate categories, proving its leadership in technical projects. Thus, Sanjivani made a double impact in this highly regarded competition, as per the press release from Sanjivani Polytechnic.

The DIPEX competition is held across 11 categories. In the Defence and Cyber Security category, the Computer Technology students—Maitreyi Anil Kulkarni, Gauri Sunil Kotme, Vaishnavi Kishore Jawale, and Samruddhi Anil Lahare—presented their project, 'AI Voice Detection Tool,' in a practical demonstration. They won a special prize of Rs. 5000 in cash, a trophy, and certificates from a group of about 150 female participants. Through this project, the students demonstrated how to distinguish between human and artificial voices. They were guided by Prof. M.R. Sheikh.

In the Medical and Health Care category of the same competition, Mechatronics students Achyut Pranil Chaudhary, Sudarshan Anil Chaudhary, Vaishnavi Sudhakar Bhosale, and Kalyani Sanjay Ghadge presented their project 'Sahayog—Empowering Lives with Robotic Precision and Care.' They secured second place out of 50 groups and received a prize of Rs. 5000 in cash, a trophy, and certificates. Through this project, the students demonstrated how robotic assistance can help create artificial hands for individuals with hand disabilities. They were guided by Prof. Abhijeet Gawali.

Sanjivani's President, Mr. Nitin Dada Kolhe, congratulated all the award-winning students. Managing Trustee Mr. Amit Kolhe also congratulated the students, Principal A.R. Mirikar, Head of Department Dr. G.N. Jorvekar, Professors I.K. Syed, Prof. Sheikh, and Prof. Gawali.

Three Engineers from Sanjivani Selected by TCS through SAP Certified Course : Sanjivani is Shaping Engineers Equipped with Modern Technology

**BHALERAO
SAMIKSHA**

**AHIRE
NILESH**

**TUPAKE
DEEPTI**

Kopergaon: Sanjivani Engineering College, being an autonomous institution, has incorporated modern curricula that meet the industry requirements. In line with providing training in cutting-edge technology, Sanjivani Engineering College has partnered with SAP (Systems, Applications, and Products in Data Processing), a multinational software company, to offer SAP certified courses. Based on this certification, Tata Consultancy Services (TCS) has selected three final-year engineering students from Sanjivani for attractive salaried positions, as per the college's press release.

TCS, a multinational company in the Tata group, operates in several countries. The college's Training and Placement department organized a campus placement drive with TCS, during which the company selected Review Nandkumar Bhalerao from Computer Engineering, Nilesh Balasaheb Ahire from Electronics and Computer Engineering, and Deepti Sanjay Tupke from Mechatronics Engineering for employment.

Last year, several students who completed the SAP course also received well-paid job offers. After completing engineering education, many students travel to big cities to pursue courses like SAP, but Sanjivani Engineering College offers SAP training during their degree course, saving the students' time and money.

Sanjivani's President Mr. Nitin Dada Kolhe and Managing Trustee Mr. Amit Kolhe congratulated all the selected young engineers and their parents.

Five Engineers from Sanjivani Secured Jobs in Two Multinational Companies through SAP Course Sanjivani Provides SAP Training While Students Complete Their Degree

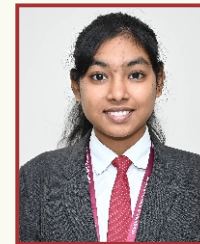

Kopergaon: To offer international-level knowledge to its students, Sanjivani Engineering College has signed agreements with foreign universities and renowned companies. Through such collaborations, the college provides SAP (Systems, Applications, and Products in Data Processing) training to its students while they are still pursuing their degree education. This training has helped secure jobs for students in multinational companies. Atlas Copco and Tech Mahindra have selected five engineers based on their SAP training, offering them lucrative salaries, as per the official statement from the college.

Atlas Copco, a company headquartered in Sweden, selected Asmita Amol Aher from Mechatronics Engineering and Sakshi Abhijit Bhongale from Mechanical Engineering for employment. Tech Mahindra, an IT industry leader, selected Deepti Shivaji Khond and Sayli Ajay Bhingania from Computer Engineering, and Ashray Sunil Diwan from Electronics and Computer Engineering for jobs.

Sanjivani's President Mr. Nitin Dada Kolhe and Managing Trustee Mr. Amit Kolhe congratulated all the selected engineers and their parents.

I am from Malegaon Thadi in the Kopergaon taluka, and I am the first girl in my family to become an engineer and to seek a job. My parents enrolled me in Sanjivani Engineering College with the hope that I would become self-reliant. I worked hard and studied diligently. During my final year, I enrolled in an SAP course, which was offered at Sanjivani, so I didn't need to go anywhere else for it. In the final semester, our Training and Placement Department organized a campus placement drive with Tech Mahindra. Thanks to the SAP course, I already had the software knowledge that the company was looking for. Additionally, I was well-prepared for the interview, which helped me confidently answer all the questions from the company representatives. As a result, I was selected for a well-paying job. Sanjivani made my dream come true, fulfilling both my parents' and my aspirations.

Be Job Creators, Not Job Seekers” – Mr. Sunil Raithatha Felicitation Ceremony Held for Meritorious Students at Sanjivani Polytechnic

Entrepreneur Mr. Sunil Raithatha felicitating meritorious students and their parents during the event organized by Sanjivani Polytechnic. Also seen on the dais are Mr. Naidu, Mr. Kale, Mr. Agrawal, Principal Prof. Mirikar, department heads, and deans.

Kopergaon: "Identify the needs of the people around you. Explore innovative ideas. Be self-motivated. Embrace the spirit of 'Make in India' and contribute to the nation's progress by becoming entrepreneurs. Indian engineers are capable of accepting challenges. So instead of seeking jobs, strive to become job providers," advised Mr. Sunil Raithatha, a successful entrepreneur from Jalna.

Sanjivani K.B.P. Polytechnic recently held a felicitation ceremony for its meritorious students who achieved excellence in various fields during the academic year 2024-25. The event honored both the students and their parents. Mr. Raithatha was the chief guest and delivered the keynote address. Also present on the dais were Chief Technical Officer Mr. Vijay Naidu, Rotary Club Kopergaon Central President Mr. Rakesh Kale, Chief Finance Officer Mr. Viresh Agrawal, Principal Prof. A.R. Mirikar, Heads of Departments, and Deans. A large number of students and parents were in attendance.

Principal Prof. Mirikar welcomed the guests and gave an overview of the academic achievements of the students and the institute at the state and national level during the current academic year. He highlighted that under the guidance of Sanjivani Group of Institutes Chairman Mr. Nitin Kolhe and Managing Trustee Mr. Amit Kolhe, the institute has made significant progress and is now ranked among the top polytechnics in Maharashtra.

In his inspiring speech, Mr. Raithatha further said that one must reflect on how to make the best use of available resources. "God has given us hands, feet, and a brain—so never say no to anything. While capital is essential for starting a business, innovative ideas are even more important. Ideas are more valuable than money. Challenges are part of the entrepreneurial journey. If we ignore them, growth stops. Face challenges head-on and overcome them to become successful entrepreneurs. Every business has its share of failures, but don't lose hope—keep searching for alternatives.

"Mr. Naidu added, "Although Sanjivani is located in a rural area, the visionary leadership of its management ensures world-class education. This is resulting in a generation of truly self-reliant

Six Sanjivani Engineering Students Secure Jobs at Expound Technivo and Zensar Technologies through SAP Course : SAP Becomes a Boon for Students

BULE ROHIT

CHANDAR GAURI

JADHAV RUTIKA

PHEPALE VAIBHAV

SABNE VARAD

SIDDHA OM

Kopergaon: Holding an engineering degree in any branch, along with a short-term course aligned with modern industry technologies, greatly increases chances of landing a well-paying job. Based on this insight, Sanjivani College of Engineering entered into a Memorandum of Understanding (MoU) with SAP (Systems, Applications, and Products in Data Processing), a global software giant, to provide SAP training to its students during their undergraduate studies itself.

This initiative is yielding results, with companies continuously selecting students for employment. Recently, Expound Technivo and Zensar Technologies recruited a total of six Sanjivani engineering students. This validates that the SAP course is indeed proving to be a game-changer for students, as highlighted in a press release by the college.

According to the release, Expound Technivo, a company that uses SAP technology, selected final-year students: Vaibhav Bandu Fepale (Mechanical Engineering), Varad Sudam Sabne, Om Rishikesh Siddha, and Rohit Dattatray Bule (Information Technology).

Zensar Technologies, a software and service company, selected: Gauri Babasaheb Chander (Computer Engineering), and Ritika Annasaheb Jadhav (Mechatronics Engineering).

Parents admit their children to Sanjivani with the hope of ensuring a good career. To honor this trust, Sanjivani faculty implement various initiatives including training in Japanese, Korean, and German languages, mock interview preparation, industry-specific training, educational visits to reputed companies, expert talks from industry leaders, personality development programs, and more.

This unique Sanjivani Pattern ensures that dedicated students succeed. As a result of these efforts, over a thousand students from Sanjivani secure placements in reputed companies every year, the release added.

Mr. Nitin Kolhe, President of Sanjivani Group, and Mr. Amit Kolhe, Managing Trustee, congratulated all the selected engineers and their proud parents.

NBA Accreditation for Sanjivani Polytechnic's Mechatronics Department – Mr. Amit Kolhe First and Only NBA-Accredited Mechatronics Department in Maharashtra

President Mr. Nitin Kolhe and Mr. Amit Kolhe felicitated the Principal, HODs, and Coordinators upon receiving NBA accreditation for the Mechatronics department. Group photo post-ceremony.

Kopergaon: The Mechatronics Department of Sanjivani K.B.P. Polytechnic has been awarded a three-year NBA (National Board of Accreditation) accreditation from New Delhi based on Outcome-Based Education standards. Started in 2019-20, Sanjivani was the first institute in Maharashtra to introduce Mechatronics under MSBTE. This makes it the first and only NBA-accredited Mechatronics department in the state. With this, all departments at Sanjivani Polytechnic are NBA-accredited, said Managing Trustee Mr. Amit Kolhe.

To celebrate, President Mr. Nitin Kolhe and Mr. Amit Kolhe felicitated CTO Mr. Vijay Naidu, Principal Prof. A.R. Mirikar, Admin Officer Mr. Prakash Jadhav, NBA Coordinator Dr. K.P. Jadhav, HOD Prof. I.K. Sayyed, Registrar Mr. Nanaso Londhe, and other key faculty members.

Mr. Kolhe shared that Sanjivani first faced NBA evaluation in 2016 under the vision of founder Late Shri Shankarrao Kolhe. The Mechatronics branch, introduced in 2019-20, met the criteria and has now earned NBA accreditation.

The NBA considered multiple factors: Admissions and faculty credentials, Student-teacher ratio, Pass percentages and higher education progression, Placement success through the T&P Cell, Research workshops, consultancy, Well-equipped labs, MOUs with industry, Alumni and parent feedback.

The NBA team appreciated the consistent placement of needy students in reputed companies. After verifying all documentation during their visit, they awarded accreditation for three years.

Mr. Kolhe highlighted that while few polytechnics dare to face NBA's tough standards, Sanjivani Polytechnic from rural Maharashtra has taken this bold step consistently since 2016. Now with Civil, Mechanical, Computer, Electrical, and Mechatronics departments NBA-accredited, Sanjivani continues to uphold its academic excellence.

30 Students from Sanjivani Pharmacy and Senior College Selected by Hetero Pharma Sanjivani Institutes Lead in Providing Job Opportunities

Kopergaon: The Training and Placement Cell of Sanjivani B. Pharmacy College and Sanjivani Arts, Commerce & Science (Senior) College recently organized a campus placement drive with Hyderabad-based Hetero Pharma, a globally recognized pharmaceutical company. Following interviews, the company officially selected 30 students for employment, highlighting Sanjivani Group's consistent efforts in connecting rural students with top companies.

Students selected include Akanksha Kasture, Yash Bagul, Sarika Bhosale, Nikita Dihatonde, Gaurav Dhawade, Rutuja Gaikwad, Priyanka Game, Prajwal Khandagale, Mohammad Sarfaraz Aslam, Kanchan Naik, Nitin Yewale, Shreejeet Pandhaval, Rutuja Banker, Saurabh Devkar, Shruti Devkar, Shankar Dongre, Sanket Gawhane, Vaishnavi Shinde, Ajinkya Wagh, Siddharth Pawar, among others.

By staying in close contact with industry leaders, Sanjivani institutions ensure their students are equipped with relevant skills, enabling rural youth to secure quality jobs. This success has brought great satisfaction to students and parents alike.

Sanjivani President Mr. Nitin Kolhe and Managing Trustee Mr. Amit Kolhe congratulated the selected students and their families on this remarkable achievement.

Ten Engineers from Sanjivani Engineering College Selected for Jobs at Deloitte Training and Placement Department's Structured Efforts Help Fulfill Students' Dreams

DONGRE SAURAV

MORE SAIPRASAD

MUSMADE YASH

Deloitte.

PURI ATHARVA

WARKHADE PRADIP

Kopergaon: Thanks to the strategic efforts of Sanjivani Engineering College's Training and Placement Department, a campus placement drive was successfully organized for Deloitte, a leading multinational company headquartered in London. During the interviews conducted by Deloitte's Human Resources representatives, ten final-year students from the Information Technology and Electronics & Computer Engineering departments were selected with attractive annual packages. The college, through an official press release, announced that many students' dreams of securing prestigious jobs have been fulfilled through the department's planned initiatives.

According to the press release, Deloitte selected the following students from the Information Technology department: Saurav Sanjay Dongre, Pratik Sachin Jadhav, Shraddha Kailas Jejurkar, Saiprasad Bharat More, Yash Sanjay Musmade, Atharv Hemant Puri, Pradip Rajendra Varkhade, Sanskruti Vinayak Javale, and Shruti Laxman Khadangale, along with Trupti Shivaji Magar from the Electronics & Computer Engineering department.

The Training and Placement Department, in collaboration with the respective engineering branches, conducts a detailed study of the skills and technologies expected by various companies. Either these technologies are included in the curriculum or taught separately through additional sessions. Students are also given rigorous interview practice. Due to such comprehensive preparation, Sanjivani students are easily selected by various multinational companies, thus fulfilling the long-held dreams of their parents.

Sanjivani's Chairman, Mr. Nitindada Kolhe, and Managing Trustee, Mr. Amit Kolhe, congratulated all the selected engineers and extended their best wishes for their future endeavors.

Sanjivani University Hosts Successful "AI EduLeaders" Workshop Empowering Educational Leader

Kopergaon, 25th April 2025 – Sanjivani University proudly organized the AI EduLeaders One Day Workshop at its Seminar Hall, focusing on "Empowering Leaders & Principals with AI Tools." The event witnessed an enthusiastic participation of Principals and Educational Leaders from various schools and colleges, making it a grand success.

The workshop, held from 10:00 AM to 5:00 PM, featured insightful sessions on:

- AI Tools for Smart Administration
- Enhancing Decision-Making with AI in Teaching and Learning
- Hands-on Practice and Live Demonstrations
- Visionary Insights on Cyber Security

Participants were exposed to the latest advancements in AI technologies, gaining practical knowledge on how AI can revolutionize educational administration and pedagogy. The hands-on demonstrations provided real-world applications, making the learning experience highly interactive and impactful.

A key highlight was the visionary talk on cyber security, which emphasized safeguarding educational institutions in the digital era.

The event emphasized the University's commitment to Strategize, Succeed, and Shine, and reinforced its role as a pioneer in integrating emerging technologies into education.

All attendees received a Certificate of Participation, adding value to their professional journey.

The event concluded with a positive note, with leaders expressing appreciation for the initiative and looking forward to more such transformative programs at Sanjivani University.

Four Engineers from Sanjivani Polytechnic Selected for Jobs at Blue Star India Company Outcome of Industry-Oriented Training Provided to Students

Students of Sanjivani Polytechnic selected for jobs at Blue Star India pictured with Mr. Amit Kolhe, Managing Trustee of Sanjivani Group of Institutes. Principal Mirikar, T&P Head, and department heads were also present on the occasion.

Kopergaon: Through the proactive efforts and coordination of the Training and Placement (T&P) Department at Sanjivani K.B.P. Polytechnic, Blue Star India — a leading manufacturer of domestic and industrial appliances — recently conducted a campus placement drive and selected four budding final-year engineers for employment.

This success is a direct result of the industry-oriented training provided at Sanjivani Polytechnic, enabling students to qualify for various company assessments, according to an official press release from Sanjivani Polytechnic.

At Sanjivani Polytechnic, from the second year of admission itself, students are guided with three career pathways:

- 1) Securing a good job with a reputed company after completing the course,
- 2) Pursuing higher education, or
- 3) Becoming an entrepreneur.

Students are categorized based on their aspirations and trained accordingly.

As a result, those aiming for employment receive specialized, company-specific training, and various campus placement drives are organized at the institute through the coordination of the T&P Department.

In the recent campus interviews conducted by Blue Star India, four final-year students were selected: Lucky Ramdas Shelar (Mechanical Engineering), Krishna Sanjay Asane (Mechanical Engineering), Tushar Abasaheb Vyase (Mechanical Engineering), and Gaurav Arun Pandey (Electrical Engineering).

The President of Sanjivani, Mr. Nitin Kolhe, and Managing Trustee, Mr. Amit Kolhe, congratulated the newly selected engineers and their parents, and extended their best wishes for the students' future endeavors.

Principal A.R. Mirikar and T&P Head Prof. I.K. Sayyed were also congratulated for their efforts.
