Four Engineers from Sanjivani Engineering College Selected for Jobs at Bühler Scheurer Company: Continuing Sanjivani's Strong Legacy

Managing Trustee of Sanjivani Group of Institutes, Mr. Amit Kolhe, felicitated four engineers from Sanjivani Engineering College on their job selection. A photograph captured after the felicitation ceremony. Dr. Thakur, Dr. Pardeshi, and Dr. Tidke were present on the occasion.

Kopergaon: Through the dedicated efforts of the Training and Placement (T&P) department of Sanjivani Engineering College, several engineers secure high-paying jobs in reputed multinational companies every year. Continuing this tradition, four final-year students from the Electrical Engineering department have been selected by Bühler Scheurer, a company based in Bangalore, through a campus placement drive with attractive salary packages. Even before their final results, the company has issued job offer letters, reaffirming Sanjivani's strong legacy, as mentioned in the college's press release.

The press release further states that Bühler Scheurer is a company specializing in electrical engineering and automation technology. As Sanjivani Engineering College holds autonomous status, modern technological advancements have been integrated into its curriculum. This helped Sanjivani's engineers successfully meet the company's requirements, leading to the selection of Abhijit Ramdas Kopre, Harshad Shivaji Shinde, Shreyash Ashok Vadane, and Rohit Rajaram Takpere. These students, hailing from rural backgrounds, have now become a pillar of support for their families. Every year, thousands of students from rural areas become self-reliant, thereby boosting the rural economy.

Sanjivani's President, Mr. Nitindada Kolhe, congratulated the newly selected engineers and their parents. Managing Trustee Mr. Amit Kolhe honored the selected students in a felicitation ceremony. The event was graced by the presence of Director Dr. A.G. Thakur, Head of Department Dr. Dipesh Pardeshi, and Dean of Training & Placement Dr. Vishal Tidke.

Sanjivani Engineering College's Nine Engineers Selected for Jobs at IndoWans Company: Leading the Way in Fulfilling Rural Youths' Employment Dreams

Kopergaon: Parents have a strong belief that once they admit their child to Sanjivani Engineering College, their dream of seeing them employed will certainly come true. Upholding this trust, the Training and Placement (T&P) Department, along with all engineering departments, ensures that students receive education in modern technologies. As a result of these collective efforts, IndoWans Private Limited has recently selected nine fresh engineering graduates for jobs even before their final results were announced. This highlights how Sanjivani is helping rural students achieve their employment aspirations, as stated in a press release by the college.

IndoWans Pvt. Ltd. has been providing CAD solutions to leading mechanical engineering companies worldwide since 2003. The company has recruited students from the Mechanical Engineering department: Abhay Babasaheb Chitale, Prathamesh Rajendra Badgujar, Muskan Tajmohammad Pathan, Kartik Rajendra Pawar, Amreen Manjuraahmad Shaikh, and Mridulkrishna Manoj Konangath. From the Civil Engineering department, Abhijeet Anil Dale and Vedant Chandrakant Raut have been selected, along with Ameiya Sandeep Naik from the Structural Engineering department.

Each engineering department constantly studies what modern technologies companies require and ensures students are well-trained accordingly. The T&P department also provides training in interview techniques, communication skills, grooming and dressing, body language, quick thinking, and respectfulness. Through the combined efforts of the engineering departments and the T&P department, hundreds of fresh engineers secure jobs every year, fulfilling the dreams of their parents. Sanjivani's Chairman, Mr. Nitindada Kolhe, and Managing Trustee, Mr. Amit Kolhe, congratulated the selected engineers and their parents and extended their best wishes for their future endeavors. Director Dr. A.G. Thakur, Head of the Mechanical Engineering Department Dr. Prasad Patare, Heads of Civil and Structural Engineering Departments Dr. Atteshamuddin Syed, Dean of T&P Dr. Vishal Tidke, and Prof. Atul Mokal also congratulated the students.

Grand Tech Sanjivani Technical Exhibition Organized at Sanjivani Engineering College: Students Showcase Innovative Technical Creations

A grand technical exhibition, 'Tech Sanjivani,' was recently organized at Sanjivani Engineering College. During the inspection of these projects, Sanjivani's President, Mr. Nitindada Kolhe, along with chief guests Mr. Bub, Mr. Kanani, Mr. Sanap, Mr. Gangurde, Mr. Naidu, Dr. Thakur, and other dignitaries, were present.

Kopergaon: A strong foundation in school or college plays a key role in shaping one's career. To nurture creativity, entrepreneurship, innovation, and a scientific mindset, Sanjivani Engineering College conducts various initiatives. As part of this, the Sanjivani Student Development Cell, with departmental support, organized the 'Tech Sanjivani 2025' exhibition and competition. Over 1,000 students from engineering, polytechnic, MBA, commerce, science, and BBA programs participated, showcasing their talent.

The event was inaugurated by industry leaders Mr. Lalit Bub, Mr. Alok Kanani, Mr. Ranjit Sanap, and alumnus Mr. Rahul Gangurde, chaired by Sanjivani President Mr. Nitindada Kolhe. Also present were CTO Mr. Vijay Naidu, Director Dr. A.G. Thakur, department heads, deans, and Student Development Cell coordinators.

Eleven competitions were held, all organized by students under faculty guidance. Managing Trustee Mr. Amit Kolhe praised the event's planning and participants' projects. Winners were selected across categories like CAD Modeling, Web Development, Robo Race, Drone Assembly, IoT Innovation, and Poster Making. Cash prizes, trophies, and certificates were awarded, with participation certificates given to all contestants.

Seven Engineers from Sanjivani Engineering College Selected for Jobs at J.S. Control Company: Sanjivani's Impressive Streak of Securing Employment Opportunities Continues

Kopergaon: As the final semester of engineering begins, the Sanjivani Engineering College's Training and Placement (T&P) Department starts implementing its pre-planned coordination with various companies. As a result of these efforts, J.S. Controls Private Limited recently conducted a campus placement drive. Through this drive, the company selected seven fresh engineering graduates, highlighting that Sanjivani engineers are job-ready. With one company after another recruiting its students, Sanjivani is achieving remarkable success in securing employment for its engineers, as stated in a press release by the college.

J.S. Controls Pvt. Ltd., a company supplying equipment to industries across various sectors, has selected Sai Sunil Rajule, Anjali Dnyaneshwar Tanpure, and Sudhanshu Madhukar Pachore from the Mechanical Engineering department. The company also recruited Shrutika Pramod Goraksha and Sanket Daulat Rahane from the Electrical Engineering department, as well as Aditya Prakash Vani and Sujit Sudhakar Dukre from the Mechatronics Engineering department.

The newly selected engineers and their parents expressed their satisfaction, stating that Sanjivani has justified the trust they placed in it at the time of admission by making their children self-reliant. For parents, their children are their most valuable asset, and seeing them become independent is the greatest joy, as some parents shared in their reactions.

Sanjivani's Chairman, Mr. Nitindada Kolhe, and Managing Trustee, Mr. Amit Kolhe, congratulated all the selected students and extended their best wishes for their future endeavors. Director Dr. A.G. Thakur, Heads of Departments Dr. Prasad Patare, Dr. Rajendra Kapgate, Dr. Dipesh Pardeshi, and Dean of T&P Dr. Vishal Tidke were also congratulated for their efforts.

Catch Your Prizes - Win Big, Shine Brighter!

The Start-up Pitch Competition - Tech-Sanjivani 2k25 witnessed an overwhelming response from students across various colleges, showcasing a diverse array of innovative and scalable business ideas. With 34 groups, each consisting of 2 to 3 members, participating, the event provided a dynamic platform for budding entrepreneurs to pitch their start-up concepts. The competition included a detailed Q&A session with judges, with evaluations based on innovation, feasibility, market potential, and presentation skills. Congratulations to the winners: 1st place went to Mr. Samir Shaikh & Team from ETC-SCOEK, earning a cash prize of Rs. 5000/- and a certificate. The 1st Runner-up position was claimed by Mr. Gunjal Pratik & Team from Amrutvahini College of Engineering, Sangamner, with a cash prize of Rs. 3000/-, while the 2nd Runner-up award went to Miss. Yamini Patil & Sayyad Ahmad Raza from MTX, Sanjivani College of Engineering, Kopergaon, who received Rs. 2000/-. The event was a resounding success.

Dr. A. G. Thakur Appointed as the First Vice-Chancellor of Sanjivani University: A Testament to His Dedication, Leadership, and the Institution's Vision

Sanjivani University President Shri Amit Kolhe felicitated Dr. A. G. Thakur on his appointment as the Vice-Chancellor of Sanjivani University and extended best wishes for his future endeavors. Dr. Shantam Shukla and Shri Vijay Naidu were also present on this occasion.

Kopergaon: Dr. A. G. Thakur, associated with Sanjivani Engineering College since 1989, has held key positions, including Lecturer, Professor, Head of the Mechanical Engineering Department, Chief Warden, and Director of the autonomous institution. His dedication, leadership, and initiatives for students and the institution have earned him recognition in the academic world.

Sanjivani Educational Complex has achieved national and international recognition through its focus on quality and excellence. The recent establishment of Sanjivani University marks a transition from rural roots to global outreach. Acknowledging Dr. Thakur's service, the selection committee appointed him as the university's first Vice-Chancellor, as confirmed in an official press release.

Sanjivani University Chairman Shri Nitin Kolhe congratulated Dr. Thakur, while President Shri Amit Kolhe honored him and extended best wishes. The event was attended by Dr. Shantam Shukla, Chief Technical Head Shri Vijay Naidu, and other dignitaries.

Founded by the late Shri Shankarrao Kolhe, Sanjivani Educational Complex has empowered rural students for over 40 years. This legacy continues under Shri Nitin Kolhe and Shri Amit Kolhe, with Dr. Thakur playing a key role in its transformation. His appointment as Vice-Chancellor is a testament to his commitment.

Sanjivani University follows the vision of "Rural to Global," recruiting top faculty from India and abroad for student development. Dr. Thakur's leadership is expected to further strengthen this goal, with widespread appreciation for his selection.

Eight engineers from Sanjivani Engineering College selected for jobs at Blue Star India with an annual package of ₹6.13 lakh: Sanjivani's autonomous status and specialized training help students qualify for top companies.

"I am a resident of Kopergaon, with my mother being a homemaker and my father engaged in farming. Our Training and Placement (T&P) department provided extensive preparation tailored to the technologies used by various companies. Since our college holds autonomous status, our curriculum includes modern technologies, ensuring that we never fell short in technical assessments. The recruitment process conducted by the company included an aptitude test, followed by a group discussion, an HR round based on fundamental knowledge, and two rounds of technical interviews. Our T&P department had already trained us thoroughly for all these stages, which helped me successfully clear every challenge in the selection process. As a result, I secured a job with an annual package of ₹6.13 lakh even before my final results. Coming from a farming family, I am the first daughter to secure a job, which brings great joy to my entire family. I wholeheartedly credit this achievement to the management and team of Sanjivani Engineering College."

Kopergaon: The Training and Placement (T&P) department of Sanjivani Engineering College has once again demonstrated its excellence in preparing students for placements. Recently, Blue Star India, a leading manufacturer of domestic and industrial appliances, conducted a campus placement drive at the college, selecting eight budding engineers with an annual package of ₹6.13 lakh. The autonomous status of Sanjivani Engineering College and the dedicated efforts of the T&P department have enabled students to successfully clear the recruitment process of various reputed companies, according to an official press release from the institution.

At Sanjivani Engineering College, students are offered three career pathways from their second year itself. Upon course completion, they can choose among the following options: securing a well-paying job in a reputed company, pursuing higher education such as M.Tech. or M.S., or becoming an entrepreneur. Based on their chosen path, students receive specialized training. Those aiming for employment undergo additional training specific to the companies recruiting through campus placements. The T&P department coordinates with various companies to organize campus placement drives accordingly.

In the recent recruitment drive conducted by Blue Star India, eight final-year students secured placements. These include Pranali Vilas Chavan, Sanskruti Santosh Gambhire, Kaushal Ramesh Kadam, Dhanshree Sainath Tipayale, Mahesh Dilip Sase, Darshan Anil Gunjal, and Shubham Dnyaneshwar Sagar from the Mechanical Engineering department, and Pravin Dilip Kudke from the Electronics and Computer Engineering department. The parents of these students expressed their gratitude to the college management for their support and guidance.

Sanjivani's Chairman, Mr. Nitin Kolhe, and Managing Trustee, Mr. Amit Kolhe, congratulated the newly placed engineers and their parents, extending best wishes for their future endeavors. They also appreciated the continuous efforts of Director Dr. A.G. Thakur and his team in achieving this success.

Sanjivani University Achieves A2 Category Ranking in Technology and AI Rankings 2025 by Chronicles of India

SANJIVANI UNIVERSITY

STRATEGIZE • SUCCEED • SHINE

Congratulations

**Ranked in
A2 Category Throughout India**

**Institution of
Transformative
Learning - Technology
& AI Rankings 2025
by Chronicles
of India**

Sanjivani University has proudly secured a prestigious A2 category ranking in the Technology and AI Rankings 2025, as recognized by Chronicles of India. This achievement underscores our commitment to excellence in transformative learning and innovation.

A Testament to Excellence This remarkable accomplishment highlights our dedication to advancing education and fostering innovation in the fields of Technology and Artificial Intelligence. We extend heartfelt gratitude to our visionary President, Hon'ble Shri. Amitdada Kolhe, whose guidance and motivation have been instrumental in this journey toward excellence.

Kudos to the entire Sanjivani University team for their invaluable support and contributions that made this achievement possible.

Deadly Disco: SIPAR's Fresher's Party Lights Up the Campus with Fun & Flair!

The much-anticipated Fresher's Party was held on 31/01/2025 at Seminar hall, SIPAR to welcome the new batch of students with enthusiasm and warmth. Organized by the senior students and faculty, the event aimed to create a sense of belonging and encourage interaction among the fresher's.

The party commenced with Saraswati Poojan by Our Principal Dr. Nilesh Pendbhaje N.S., teaching and Non-teaching staff and student representative welcoming the newcomers and emphasizing the importance of this event in fostering friendships and camaraderie. Various entertaining performances, including dance, singing, and drama, set the stage for an exciting evening. The highlight of the event was the Mr. & Ms. Fresher contest, where participants showcased their talent, wit, and confidence through different rounds, including introduction, talent, and Q&A. After intense competition, Mr. Badriprasad Parmar and Ms. Arsheen Attar were crowned Mr. & Ms. Fresher. The day featured a variety of games and fun-filled activities that encouraged participation and engagement. A delicious spread of food and beverages was arranged for all attendees.

The Fresher's Party was a grand success, leaving everyone with wonderful memories. It helped in breaking the ice between juniors and seniors, paving the way for a friendly and comfortable environment within the institution.

The event concluded with a vote of thanks by Miss. Aditi Dange, expressing gratitude to everyone who contributed to making the evening a remarkable one.

YUGAANTER 2K25: A Spectacular Fusion of Talent, Culture, and Sports!

The much-anticipated annual gathering, YUGAANTER 2K25, commenced on February 20, 2025, with a grand inauguration at the Pharmacy Building. The event was honored by the presence of Hon. Amit Dada (Managing Trustee, Sanjivani Group of Institutes), Dr. Patel Vipul (Director, SCOPER), and Dr. Pendbhaje N.S. (Principal, SIPAR). The celebrations began with a dynamic flash mob and an energizing sports inaugural, setting the tone for an exciting series of events.

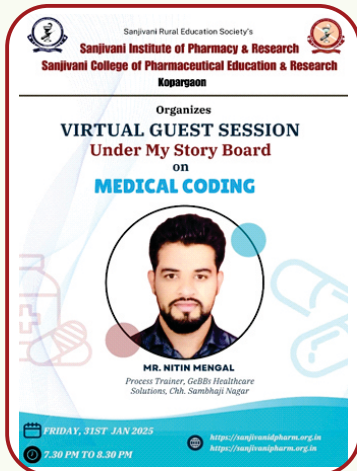

The festival featured a variety of themed days and competitions that showcased the creativity and enthusiasm of students:

- February 21: Traditional Day & Role Play
- February 22: Saree & Tie Day | Filmy Day
- February 24: Art Gallery, Rangoli & Mehendi Competition
- February 24 (Evening): The first Musical Night, featuring Dr. Ashwin Gajra, a distinguished expert in biomanufacturing and biotechnology, with over 23 years of experience in research, innovation, and industry leadership.
- February 25: The second Musical Night, featuring powerful performances
- February 27-28: The Grand Sports Finale, marking the culmination of an extraordinary celebration

YUGAANTER 2K25 was a remarkable blend of talent, culture, and sportsmanship, bringing together students, faculty, and dignitaries. The event concluded on a high note, leaving behind unforgettable experiences and a renewed spirit of unity and excellence.

Virtual Guest Session on Medical Coding Organized at Sanjivani Institute of Pharmacy & Research

Kopergaon, 31st January 2025 – Sanjivani Institute of Pharmacy & Research, in association with Sanjivani College of Pharmaceutical Education & Research, successfully conducted a Virtual Guest Session under the initiative "My Story Board" on the topic Medical Coding.

The session was led by Mr. Nitin Mengal, Process Trainer at GeBBS Healthcare Solutions, Chh. Sambhaji Nagar, who provided insightful knowledge on the significance of medical coding in the healthcare industry.

He elaborated on career opportunities, industry standards, and the latest advancements in the field.

The interactive session, held from 7:30 PM to 8:30 PM, witnessed enthusiastic participation from students and faculty members, making it an enriching learning experience. The session was successfully coordinated by Ms. Pathan S.M, who also delivered the vote of thanks, expressing gratitude to the guest speaker, participants, and organizers for making the event a success.

Faculty Achievements at Sanjivani Institute of Pharmacy & Research

Sanjivani Institute of Pharmacy & Research, Kopergaon, takes immense pride in acknowledging the remarkable achievements of its esteemed faculty members. Ms. Ruchika Vilas Ambekar successfully completed a short-term training program on "Curriculum Design & Development" conducted by the National Institute of Technical Teachers' Training and Research (NITTTR), Bhopal. The training, held from 6th to 10th January 2025, was organized at Sanjivani Group of Institutes & Sanjivani University, Kopergaon. This achievement reflects her dedication to academic excellence and curriculum enhancement.

Furthermore, Ms. Pathan S.M. was honored with the "Best Library User Award" for her outstanding utilization of library resources in the Department of Pharmacology during the academic year 2024-2025. This recognition highlights her commitment to research and knowledge enhancement.

The institute congratulates both faculty members for their dedication and continuous pursuit of academic excellence, setting an inspiring example for students and colleagues.

Sanjivani's Krishna Verma Shines in Weightlifting at IEDSSA Zonal Sports Meet

Sanjivani Institute of Pharmacy & Research, Kopergaon, proudly congratulates Krishna Verma for his outstanding performance in the Inter Engineering Diploma Students' Sports Association (IEDSSA) Maharashtra State Zonal Sports Meet.

Krishna Verma secured the Runner-up position in the Weightlifting (85 kg category), showcasing his strength, dedication, and sportsmanship. The event, organized under the aegis of IEDSSA Maharashtra State Outstanding Individual Achievement Krishna Verma showcased his strength and determination by securing a remarkable victory in the Interdepartmental Wrestling and Weightlifting Competition held at Parikrama Maidan, Kashti.

Sanjivani Girls' Basketball Team Wins Second Prize at IEDSSA Zonal Sports Meet

Sanjivani Institute of Pharmacy & Research, Kopergaon, celebrates the Girls' Basketball Team for securing the Second Prize at the IEDSSA Zonal Sports Meet 2024-25 (EI Zone) held at Padmashri Dr. Vitthalrao Vikhe Patil Institute of Technology & Engineering, Pravaranagar.

The team displayed exceptional skill, teamwork, and determination throughout the tournament, showcasing the spirit of sportsmanship. Competing against strong contenders, they emerged as one of the top teams in the zonal championship. The institute commends the efforts of the players and the coaching staff for their dedication and wishes them continued success in future competitions!

Beyond Ideas – The Start-up Journey: Insights from Global Entrepreneurs

Sanjivani University Kopergaon, 14th February 2025: The School of Commerce and Management successfully organized a seminar, "Beyond Ideas – The Start-up Journey," on 14th February 2025 at the Solar Shed Seminar Hall. The event, held from 10:30 AM to 1:30 PM, witnessed the enthusiastic participation of 700 students from MBA, BBA, B.Com, and Engineering backgrounds.

Renowned Speakers & Expert Insights

The seminar featured three distinguished speakers who shared their entrepreneurial experiences:

- Mridula Tripathi (Co-founder & CEO, Unikaushal) – Spoke about bridging the gap between academia and industry in EdTech.
- Alexander Uttendorfer (Global Start-up Architect, USA) – Discussed building and scaling successful startups and his journey of mentoring 20+ seed-stage companies.
- Ashir Nelson (Growth Strategist & Investor, Germany) – Focused on data-driven marketing and business expansion strategies for startups.

A Transformational Learning Experience : The seminar provided students with practical knowledge, industry insights, and strategies for navigating the entrepreneurial landscape. The interactive sessions allowed attendees to engage with experts, ask questions, and gain clarity on building a successful startup.

The event concluded with a networking session, inspiring students to take the next step in their entrepreneurial journey

AIML Department Strengthens Academic Collaboration Through Parent-Teacher Meeting at Sanjivani University

Kopergaon, 6th February 2025: The Artificial Intelligence & Machine Learning (AIML) Department of Sanjivani University successfully conducted a Parent-Teacher Meeting (PTM) on 6th February 2025 at 3 PM in the Seminar Hall, witnessing an impressive turnout of 78 parents. The session provided a valuable platform for faculty and parents to discuss students' academic progress, career pathways, and the university's efforts towards an industry-aligned curriculum.

The meeting was graced by the esteemed presence of the Pro-Vice Chancellor, Dr. J. Janet, who shared her insightful perspective on integrating industry-oriented learning methodologies. She emphasized the importance of equipping students with essential skills to meet the ever-evolving demands of the AI and technology sector. Additionally, Dr. Devyani S. B. Jadhav, Head of the AIML Department, actively engaged with parents, addressing their queries and outlining the department's initiatives aimed at enhancing the learning experience for students.

A highlight of the event was a special felicitation ceremony, where top-performing students of the department were recognized for their dedication and academic excellence. This moment of appreciation not only motivated students but also reinforced the university's commitment to fostering talent and academic brilliance.

The meeting was hailed as a significant success, strengthening collaboration between parents and the institution while reinforcing Sanjivani University's dedication to academic excellence, innovation, and industry readiness. Through such interactive sessions, the university continues to foster a holistic learning environment that promotes strong faculty-student-parent engagement and sets new benchmarks in progressive education.

Sanjivani Thought Leader Session Explores AI & Automation with Dr. Sai Kavitha Krishnalyengar

Kopargaon, February 2025 – Sanjivani University successfully hosted the latest edition of its Thought Leader Session on February 21, 2025, at Solar Banquet Hall. The event featured Dr. Sai Kavitha Krishnalyengar from Microsoft Bengaluru, who delivered a compelling talk on the transformative role of Artificial Intelligence (AI) and automation across industries.

With an audience of 140 students from the Cyber Security Department, Dr. Krishnalyengar highlighted how AI-driven technologies are reshaping manufacturing, healthcare, logistics, finance, education, and customer service by enhancing efficiency, minimizing errors, and fostering innovation. She delved into the power of AI-driven data analysis, explaining how it enables intelligent decision-making and process optimization.

The session also addressed emerging AI applications, cybersecurity challenges, and ethical concerns, providing students with a well-rounded understanding of the evolving digital landscape. Through industry-relevant case studies, Dr. Krishnalyengar emphasized AI's significance in research, business, and professional development.

A key highlight of the event was its interactive format, with students actively participating in discussions on AI's latest trends, industry applications, and career prospects. The event concluded with an engaging Q&A session, where students explored topics such as AI implementation, industry demands, and future opportunities in AI-powered fields.

Shaping Future Innovators The session reaffirmed Sanjivani University's commitment to technological excellence, equipping students with the knowledge and skills required to thrive in the rapidly evolving AI and cybersecurity landscape.

IKS Field Visit: Exploring Ancient Forts and Temples at Daulatabad

Kopargaon, 8th February 2025 – Sanjivani University successfully organized the "Visit Ancient Forts and Temples (IKS Field Visit)" on February 8, 2025, providing students with an immersive journey through the rich historical and cultural heritage of Daulatabad.

With the enthusiastic participation of 60 students and faculty members, the full-day excursion offered a deep dive into the architectural beauty, historical significance, and cultural evolution of Daulatabad's forts and revered temples. Guided by experts, attendees explored the grandeur of Daulatabad Fort, learning about its strategic importance and intricate design, while also gaining insights into the spiritual and artistic heritage of the region's ancient temples.

The visit aligned with the objectives of Indian Knowledge Systems (IKS), fostering a deeper appreciation for India's traditional wisdom, historical narratives, and architectural marvels. Through this engaging experience, students connected with the past in a meaningful way, making the event a perfect blend of education, exploration, and cultural enrichment.

Sanjivani University continues its commitment to holistic learning experiences, ensuring that students gain both academic knowledge and cultural awareness through such initiatives.

Workshop on "Introduction to Atlassian Jira" Conducted Successfully

Kopargaon, 18th February 2025 – Sanjivani University conducted an online workshop on Atlassian Jira, introducing 81 participants to project management essentials. Led by an industry expert, the session covered Jira's features, agile methodologies, and automation through hands-on demonstrations. An interactive Q&A session enhanced learning, equipping attendees with practical skills for industry readiness.

TPO Session by Mr. D. Kumbhar Empowers Students with Career Insights

Sanjivani University Kopergaon, 18th February 2025– A highly insightful Training and Placement (TPO) session by Mr. D. Kumbhar was successfully conducted on 18th February 2025 at 10:30 AM in Lab 1 (Room No. 301). The session witnessed an enthusiastic participation of 120 students, eager to gain valuable career guidance and industry insights.

The session emphasized competency enhancement, personal development, and career growth, equipping students with the knowledge needed to align their skills with industry expectations. Mr. Kumbhar elaborated on the placement matrix, key hiring trends, and effective strategies to improve employability. He provided practical guidance on resume building, interview preparation, and essential soft skills required for success in today's competitive job market.

With its interactive format, the session allowed students to engage directly with the speaker, seek clarification on career-related concerns, and gain confidence in their professional journey. The event proved to be a significant learning opportunity, empowering students with a clear roadmap for career success and ensuring they are well-prepared for future job opportunities.

Educational Visit to IIT Madras: Exploring Innovation and Excellence

Sanjivani University Kopergaon, 4th February 2025: A group of 16 students embarked on an insightful visit to IIT Madras on 4th February 2025, from 1 PM to 6 PM, exploring one of India's premier institutes of technology.

The visit provided an exciting opportunity for participants to tour the renowned IIT Madras campus, interact with professors and students, and gain firsthand knowledge about the institute's academic programs, research initiatives, and technological advancements.

Students were exposed to cutting-edge innovations and groundbreaking research projects, offering them valuable insights into the academic culture and future opportunities in science and technology. The visit served as a source of inspiration and motivation, encouraging participants to strive for excellence in their academic and professional journeys.

Cyber Security Awareness Program at Sanjivani University

Sanjivani University Kopergaon, The Cyber Security Department of Sanjivani University conducted a Cyber Security Awareness Program on February 8, 2025, from 2:00 PM to 4:00 PM at the Cyber Security Lab. The session witnessed the enthusiastic participation of 80 students from various departments.

The program aimed to educate students on the importance of cybersecurity, common cyber threats, and best practices for staying safe online. Through interactive discussions and live demonstrations, students learned about password security, phishing attacks, safe browsing habits, and data protection measures. The session emphasized the growing risks in the digital world and how individuals can safeguard their personal and professional data.

This initiative successfully enhanced awareness and fostered a strong culture of cyber hygiene among students, equipping them with the essential knowledge to navigate the digital space securely.

Sanjivani I-Connect: Expert Session on AI Advancements by Mr. Akshat Chaudhari

Sanjivani University Kopergaon, 21st February 2025: – The "Sanjivani I-Connect" session on AI advancements, featuring Mr. Akshat Chaudhari, was successfully conducted on 21st February 2025 at 2:00 PM in the Seminar Hall, with an enthusiastic participation of 140 attendees, including students and faculty members.

Mr. Chaudhari delivered a highly informative and thought-provoking session, covering key AI concepts such as Large Language Models (LLMs), ChatGPT, perplexity, and emerging trends shaping the AI landscape. He provided in-depth insights into the evolution of AI, explaining how advanced models are trained, their efficiency, and their expanding capabilities across different industries. The discussion also touched upon the growing role of AI in automation, data analysis, and decision-making, offering a comprehensive view of its transformative impact on the modern world.

The event was highly interactive and engaging, encouraging attendees to actively participate in discussions and explore real-world applications of AI technologies. Through practical insights and industry-relevant examples, the session equipped participants with valuable AI knowledge, helping them understand current innovations and future opportunities in AI-driven fields.

This enriching experience reinforced the importance of staying updated with technological advancements, empowering students and faculty to embrace AI's potential in research, business, and various professional domains. The session concluded with an engaging Q&A segment, where attendees sought guidance on AI implementation, career opportunities, and the ethical considerations surrounding artificial intelligence.

IKS Trip to Bramhagiri Trek, Nashik: A Day of Adventure and Exploration

Sanjivani University Kopergaon, 15th February 2025: The IKS Trip to Bramhagiri Trek in Nashik on 15th February 2025 was a thrilling and enriching experience, bringing together 104 enthusiastic participants for a day of adventure and nature exploration.

The journey began at 6 AM, as the group embarked on an exhilarating trek through the scenic landscapes of Bramhagiri, known for its breathtaking views, rich biodiversity, and historical significance. The day was filled with exciting hikes, team-building activities, and moments of reflection, allowing participants to immerse themselves in nature while strengthening their bond with fellow trekkers.

As the trek concluded at 10 PM, the participants left with unforgettable memories, a deeper appreciation for nature, and a renewed sense of adventure. The trip successfully aligned with the Indian Knowledge Systems (IKS) initiative, encouraging a holistic connection with heritage, nature, and personal well-being.

Empowering Future Leaders: MBA Students' Industry Visit to Infosys Pune

Sanjivani University Kopargaon, 21st February 2025: The School of Commerce and Management organized an industry visit to Infosys Pune on 21st February 2025 for 100 MBA students as part of a Leadership Program. The visit offered students an exclusive opportunity to explore corporate leadership strategies, innovation, and business excellence through direct interactions with industry experts. Students gained valuable insights into Infosys' corporate culture, digital transformation, and leadership practices, bridging the gap between academic learning and real-world business dynamics.

Bridging Academia and Industry

This industry visit served as a practical learning experience, reinforcing the leadership theories and management concepts taught in classrooms. By engaging in real-world case studies and discussions, students gained a deeper understanding of corporate governance, strategic management, and business sustainability. The Leadership Program is a key initiative by the School of Commerce and Management, designed to equip future business leaders with industry exposure, critical thinking, and leadership skills. The visit to Infosys Pune was an enriching experience, leaving students inspired and well-prepared for their professional journeys.

Strengthening Academia-Parent Collaboration: Commerce Department Organizes Parent-Teacher Meeting

Sanjivani University Kopargaon, 18th February 2025: The Department of Commerce successfully organized a Parent-Teacher Meeting (PTM) on 18th February 2025 to foster collaboration between faculty and parents in guiding students toward academic and professional excellence. The event witnessed active participation, providing a platform for constructive discussions on student progress, academic performance, and career aspirations.

Interactive Discussions & Valuable Insights

The PTM featured:

- Address by faculty members highlighting the department's vision, curriculum updates, and student development initiatives.
- One-on-one interactions between parents and professors to discuss students' strengths, areas for improvement, and future opportunities.
- Recognition of top-performing students, celebrating their dedication and academic achievements.

Bridging Gaps for Student Success

The meeting served as an effective medium to align academic goals, address concerns, and strengthen student support mechanisms. Parents appreciated the transparent communication and mentorship efforts of the department, reinforcing their confidence in the institution's commitment to holistic education.

The Department of Commerce continues to emphasize parental involvement and faculty engagement, ensuring a collaborative approach to student success.

AIML Students Excel in Impulse Sprint E-Yantra Innovation Challenge

Kopargaon, February 2025: Soham Kadu, Shreya Khasne, Shruti Khasne, and Swapnil Kankrale from the Artificial Intelligence and Machine Learning (AIML) Department have successfully progressed to the third stage of the prestigious Impulse Sprint E-Yantra Innovation Challenge, an initiative by IIT Bombay aimed at fostering technological innovation.

The students impressed the jury with their innovative project ideas, demonstrating technical excellence, problem-solving abilities, and creativity in the fields of AI and automation. Their outstanding performance in the competition underscores their dedication, research acumen, and technical expertise, bringing them one step closer to the final round.

This achievement is a testament to the AIML Department's commitment to nurturing innovation, hands-on learning, and research-driven excellence among students. Their success serves as an inspiration for aspiring engineers, reinforcing the importance of innovation in shaping the future of AI and robotics.

Sanjivani Students Shine at National Entrepreneurship Challenge, Secure AIR 18

Sanjivani University Kopargaon, February 2025: Jay Jobanputra, Tanishq Pahade, and Saish Shinde from Sanjivani University showcased their exceptional entrepreneurial skills by securing an impressive All-India Rank (AIR) 18 in the prestigious National Entrepreneurship Challenge (Finals), organized by IIT Bombay from January 31st to February 3rd, 2025.

The competition, known for its highly competitive and innovation-driven format, attracted participation from top institutions across India, challenging students in various aspects of business strategy, innovation, and problem-solving. The event featured multiple rigorous rounds, including business pitches, case study analyses, strategic decision-making tasks, and real-world problem-solving challenges, designed to test participants' market insights, leadership qualities, and ability to think on their feet. Throughout the challenge, the Sanjivani team demonstrated outstanding creativity, analytical thinking, and teamwork, successfully navigating the complexities of business ideation, market evaluation, and execution strategies. Their ability to develop innovative solutions, assess business viability, and present compelling entrepreneurial concepts played a crucial role in their success.

This remarkable achievement reflects the strong entrepreneurial ecosystem at Sanjivani University, which fosters strategic thinking, leadership development, and innovation among students. The university's focus on real-world learning, mentorship, and industry exposure has been instrumental in shaping future business leaders capable of excelling in competitive environments. Their success serves as an inspiration to aspiring entrepreneurs, reinforcing the idea that innovation, perseverance, and strategic vision are key drivers of success in the ever-evolving business landscape. By securing a nationally recognized rank, the trio has brought pride and recognition to Sanjivani University, setting a benchmark for future participants.

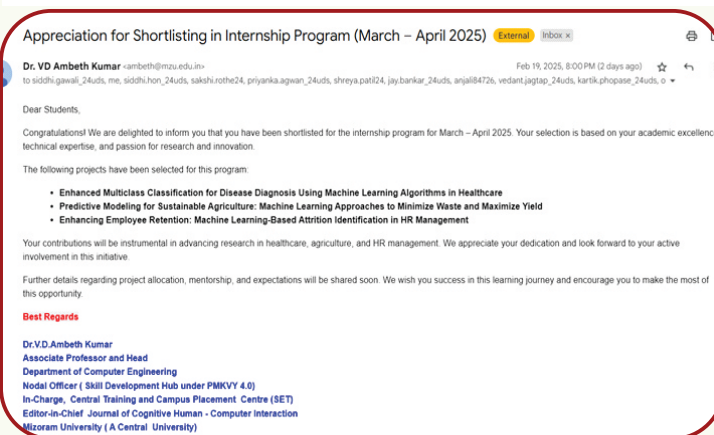

Sanjivani's All-Women Team Wins Special Appreciation Prize at TechDivathaon

Sanjivani University Kopargaon, February 2025: A team of 16 talented female engineering students from Sanjivani University achieved a remarkable feat by securing the Special Appreciation Prize at TechDivathaon, a prestigious national-level hackathon exclusively for undergraduate female engineers. The event was hosted at Pani Malar Engineering College, Chennai, and witnessed participation from top institutions across India. The hackathon challenged participants to develop innovative solutions to real-world problems, testing their technical skills, creativity, teamwork, and problem-solving abilities under pressure. Competing against some of the brightest young minds, the team from Sanjivani University showcased exceptional technical acumen and collaborative spirit, earning well-deserved recognition for their outstanding performance. This achievement highlights the university's commitment to empowering women in technology and fostering a culture of innovation and excellence. The success of these young women serves as an inspiration for aspiring engineers, reinforcing the importance of diversity and inclusion in the tech industry.

Sanjivani Students Secure Prestigious Internship at Mizoram University

Sanjivani University Kopargaon, February 2025: Demonstrating exceptional academic and research excellence, Jay Jobanputra, Sakshi Rothe, Shreya Patil, and Anjali Jagtap have been selected for a highly coveted internship at Mizoram University for the period of March – April 2025. Their selection is a testament to their technical expertise, innovative mindset, and commitment to research-driven learning. During the internship, the students will contribute to cutting-edge projects spanning across multiple domains:

- Enhanced Multiclass Classification for Disease Diagnosis Using Machine Learning Algorithms in Healthcare – Developing AI-driven models to improve disease detection and diagnosis.
- Predictive Modeling for Sustainable Agriculture – Leveraging machine learning techniques to minimize agricultural waste and optimize yield.
- Employee Retention Analysis Using Machine Learning in HR Management – Designing predictive models to identify employee attrition trends and enhance workforce retention strategies.

This internship will offer the students valuable hands-on experience, exposure to real-world problem-solving, and an opportunity to work alongside industry experts and researchers. Their selection highlights Sanjivani University's commitment to fostering innovation, interdisciplinary learning, and academic

Sportsmanship helps in accepting failure along with success – Deputy Collector Sayali Solanke "State-Level Table Tennis and Badminton Girls' Competitions Conclude at Sanjivani Polytechnic

Managing Trustee of Sanjivani Group of Institutes, Mr. Amit Kolhe, Deputy Collector Sayali Solanke, Rakesh Kale, Principal A.R. Mirikar, along with participating athletes and team captains at the inauguration ceremony of the state-level interdepartmental girls' badminton and table tennis competitions, organized by IEDSSA, Maharashtra, and Sanjivani K.B.P. Polytechnic.

Kopergaon: In earlier times, parents were hesitant to let their daughters participate in sports. Many years ago, a girl I knew secured first place in a volleyball competition, and her photos were published in newspapers. However, instead of appreciating her achievement, her parents reprimanded her for spending time on sports instead of studies. But times have changed. Sports teach us sportsmanship, and participation is essential. It not only builds mental resilience to handle success and failure but also enhances intellectual abilities, concentration, and teamwork—skills crucial for life, said Mrs. Sayali Solanke, Deputy Collector (Land Acquisition) of Ahilyanagar district. She was speaking as the chief guest at the inauguration ceremony of the state-level interdepartmental girls' badminton and table tennis competitions, organized by the Inter-Engineering Diploma Students' Sports Association (IEDSSA), Maharashtra, and Sanjivani K.B.P. Polytechnic. Other dignitaries present on the stage included Mr. Rakesh Kale, President of the Rotary Club Kopergaon Central, Principal A.R. Mirikar, Registrar Mr. Nanasahab Londhe, and others. A total of 140 players participated in the event, with 12 teams in badminton and 9 teams in table tennis from various polytechnic and D. Pharmacy institutions across the state. Before the inauguration, Mr. Amit Kolhe, Managing Trustee of Sanjivani Group of Institutes, welcomed Mrs. Solanke and Mr. Kale in the institution's auditorium. They engaged in an intellectual discussion on various topics, and Mr. Kolhe shared details of Sanjivani's achievements. Mrs. Solanke expressed satisfaction and praised the institution's remarkable progress despite being located in a rural area. In his inaugural speech, Principal Mirikar addressed the athletes, saying, "All of you have won at the divisional level, proving your sportsmanship. This is a state-level competition, so instead of worrying about winning or losing, focus on playing your best game." He highlighted the constant evolution of institutions under the Sanjivani Group to keep pace with changing times, enhancing their reputation. Mrs. Solanke further stated that behind every great athlete is immense hard work. The government has reserved 5% of jobs in government, semi-government, Zilla Parishad, and cooperative institutions for state and national-level sports winners. Players should take advantage of this opportunity. In the competitions, the Government Polytechnic, Ahilyanagar team secured first place in badminton, while Vidya Alankar Polytechnic, Mumbai, emerged as the runner-up. In table tennis, Vidya Alankar Polytechnic, Mumbai, won first place, with the Government Polytechnic, Washim team finishing second. Referees for the event included Manoj Jagdale, Rohit Lokhande, Pranit Bavisakar, Neelam Parande, Sharayu Shete, and Abhi Hajare. Special efforts were made by the institution's sports instructors, including Prof. Shivraj Palne, Dr. Ganesh Narode, Satyam Kothalkar, and Prof. Akshay Yevele, to ensure the competition's success. The event was hosted by Prof. I.K. Sayyed, who also delivered the vote of thanks.

Five engineers from Sanjivani Engineering College selected for jobs at Faurecia, Emerge System, and Godrej Infotech. Sanjivani's success continues even before the final results of the students.

I am a resident of Kopergaon, and both my parents and I had complete faith that pursuing an engineering degree at Sanjivani Engineering College would guarantee me a job through the college's efforts. With this belief, I enrolled in the Mechanical Engineering branch, and everything happened just as expected. Currently, I have been selected by the multinational company Faurecia as a Design Engineer. Our college holds the Autonomous Institute status, and according to its curriculum, we are required to complete an internship in a company during our final academic session. Faurecia not only selected me for a job with an annual package of ₹5.5 lakhs, but they also provided me with an internship opportunity with a stipend. At present, I am doing my internship at the company, and all of this has been possible because of Sanjivani. Faurecia specializes in designing seating systems, door systems, and interior components of cars. In the future, the production of diesel and petrol vehicles might face limitations, but the demand for electric vehicles will continue to rise. Since Faurecia's products are essential for electric vehicles as well, I am confident that my career has great opportunities ahead, and I am very satisfied with the direction my career is taking. The selection process included an Engineering Drawing test in the first round. Since engineering drawing is the language of engineers, our college provided us with excellent knowledge in this area. This was followed by two technical rounds and a final HR round, after which I was selected for the job. The most special part is that I also received a stipend-based internship in the same company. Sanjivani has fulfilled the dream that my parents and I had envisioned for my future. — **Sonali Kharde, Selected Engineer**

Sanjivani Engineering College's Training and Placement Department's efforts have resulted in three newly graduated engineers from Sanjivani being selected by reputable companies for their excellent annual salary packages. This achievement highlights the college's success in securing job placements for its students even before their final grades are out. Among the selected engineers, Sonali Bajirao Kharde and Ritujha Samrat Kharde from Mechanical Engineering have been offered an annual package of Rs. 5.5 lakhs each by the multinational company, Faurecia. Gayatri Vilas Adhav Hila from Electrical Engineering has been selected by HIL Impex Systems with an annual package of Rs. 5 lakhs. In Computer Engineering, Punam Ramdas Kharde and Prathamesh Santosh Sonawane have been chosen by Godrej Infotech with an annual package of Rs. 4 lakhs each.

Sanjivani has seen many former students thriving in various companies, contributing to technological advancements and their own personal excellence. This success reflects the trust that many companies have in Sanjivani's students for employment, enhancing their confidence in the modern technology sector of their field.

Sanjivani's President, Mr. Nitin Kolhe, and Managing Trustee, Mr. Amit Kolhe, congratulated all the selected students and their parents, extending their best wishes for a bright future.

IT & Mechanical Engineering Students Achieve Goethe A1 German Certification!

We are proud to announce that a group of students from the IT and Mechanical Engineering departments have successfully qualified for the Goethe Certification in German Language at the A1 level. The Goethe Certification is a recognized standard of proficiency in the German language, and this accomplishment will undoubtedly open doors for academic and professional growth in the international arena.

Working Model Competition at EXPO 2K25, Nashik

Congratulations to the team for securing a Consolation Prize at the National Competition of the IET KK Wagh Expo 2K25 Working Model Competition! This achievement highlights the dedication and hard work of the participants, showcasing their innovative ideas and engineering skills. A special thanks to Dr. H. N. Kedar for his invaluable guidance and support throughout the journey.
